Boy 13 is Sentenced For Killing 6 Year old Girl

For having slain Jewel Dean White, 6, at the Baker farm home near Cummins Crossing on Little River Tuesday morning, July 4, Ralph Adams of Buckholts, 13, was sentenced to the Gatesville reformatory for 8 years in county court here Wednesday with Judge Jeff T. Kemp presiding.

Graduated at 77

Here is Sam P. Cochran of Dallas, second ranking Scottish Rite Mason in America, and the only man known to have a statue erected to his honor while still living. Cochran was admitted to the bar and graduated from law school last week at the age of 77. He was valedictorian of his class, just 69 years after he was valedictorian of his high school class June 20, 1873. The statue of Cochran stands on the lawn of the Dallas Masonic temple. He has received 96 degrees in Masonry.

HENRY ADAMS BURIED OAK HILL CEMETERY

Henry Adams, 54, died Friday afternoon, June 30 at 4:45 o'clock at his home of sudden heart attack.

The funeral was held Sunday afternoon at his home at 3:30 o'clock by Rev. N. D. Timmerman, pastor of the First Baptist church and Rev. Ed Mace, pastor of the Christian church. Interment was made in Oak Hill cemetery, where Spanish-American and American Legion veterans held a military funeral.

Mr. Adams was a member of Private Company M. 38 United States Volunteer Infantry, and saw service in the Philippines for 18 months and was discharged and sent home on account of illness.

Mr. Adams was born in Macon County, Alabama and came to Texas when a child with his parents, the late Mr. and Mrs. W. F. Adams and settled in Milam county. He was married to Miss Anna Thompson of Cameron and lived here for a number of years, moving to Beaumont, where they made their home, subsequently returning to Cameron where he engaged as a contractor or as interior decorator.

He was a member of the Baptist church and had made many friends in Cameron and elsewhere. He is survived by his wife, two sons, W. F. Adams of Mobile, Ala. and John Adams of San Antonio who is stationed at the Aviation camp there; four brothers, Jim and Ed Adams of Cameron; O. D. Adams of Dallas and Walter Adams of Orange; two sisters, Mrs. Ed Boyd of Somerville; Mrs. George Rogers of Burlington, all of whom were present at the funeral excepting Walter Adams of Orange. Other relatives present at the funeral were F. D. McKee of Somerville; Mr. and Mrs. R. E. Snuggins of Bryan; Frank Boyd of Somerville; Frank Rogers and family of Burlington, Charlie Rogers and family of Burlington and Mrs. Robert Allen of Briary.

Pall bearers were former soldiers of the Spanish-American War and American Legion from Temple, Taylor and Rockdale.

Box Will Guide Prohi Strategy

Fort Worth, July 5—John Box, former congressman from Jacksonville, will serve as chairman of the state strategy committee which will act in an advisory capacity to the United Forces of Prohibition. Rev. W. R. White, state secretary announced here today.

Others members of the committee are Cullen F. Thomas and Thomas B. Love, Dallas; and Dan Mooney and W. A. Keeling, Austin. Others will be named later.

Jewel Dean White was shot through the head by the boy at the home of neighbors Tuesday morning.

According to Sheriff Leonard Blaylock Jewel Dean White was at the Baker home and was seated on a bed with another girl. The boy was also seated on the bed. In his hands he held a pistol he had taken from the home of Earl Allison, brother-in-law. Pointing the pistol at the girl, he said: "I am going to kill you." The gun was discharged and the bullet entered the forehead of the girl. She died instantly.

After the shooting, it was reported the boy ran from the scene, crossing a stream and went to the home of a neighbor in the community where he was taken into custody by Sheriff Blaylock and lodged in jail at Cameron. Whether the shooting was accidental or intentional was not determined.

Jewel Dean White was the daughter of Drew White who lives on the J. D. Baskin farm at Cummins Crossing on Little River.

The boy will be taken to Gatesville Thursday. He seemed not to realize the import of his act.

Funeral services were held for the slain child Wednesday.

Freak Tornado Breaks Farmers Leg, Wrecks Barn Here Friday

Frank Hrozek, 35, farmer narrowly escaped being crushed to death Friday afternoon about 4 o'clock, when a small tornado swept through a portion of the Salem community, blowing Hrozek's barn over on him as he was standing by his walking cultivator and mules near the building.

The cultivator upheld the falling timber from Hrozek's body, but his left leg was broken. The mules were just out of reach of the falling debris.

Hrozek was found by his 16 year old daughter, Milady, who grew uneasy about her father and went to look for him. She summoned help from the neighbors, and Hrozek was brought to the Cameron Hospital. He was able to return to his home on Saturday morning.

The large barn was located about 250 feet from the house and was built six years ago. One gable was standing after the tornado.

The tornado swept between the Ike Ledbetter house and barn, blowing down a large tree there. The Hrozek place is just across the road from the Ledbetter place. Nearly an inch of rain came with the violent whirlwind.

CELEBRATION IS HELD HERE FOR JULY FOURTH

With a fair attendance, the 4th of July Celebration held under the auspices of the American Legion closed on Tuesday night with a fire works display at the City Park.

The celebration began on Saturday night with a carnival at the Park Grounds.

A feature of the Celebration was the address of Polk Shelton, attorney from Austin who advocated repeal of the 18th amendment. No speaker appeared for the dry forces.

Attendance at the celebration was far short of expectations. Extreme heat during the day when the thermometer reached 108 degrees, it was believed curtailed the celebration somewhat.

The largest crowd of the three days was on hand Tuesday night for the fire works display.

Ku Klux Klanners In State Meeting

San Antonio—Texas Knights of the Ku Klux Klan gathered here today for their annual state convention. More than 200 delegates had arrived, led by George McCarron of Waco, grand dragon of Texas.

Dr. and Mrs. T. E. Crump were Sunday visitors in Waco.

Four youths who escaped from the state reformatory at Gatesville, Texas, after allegedly slaying W. J. Leonard, aged and beloved reformatory blacksmith, with a sledge hammer and an axe, are in jail in Gatesville awaiting further action on charges of murder filed against them. Applegate and Scott were captured near Morgan, Texas, when bloodhounds picked up the scent from a bloody handkerchief used to bind Scott's hand, wounded by a pursuing constable. Anderson and Raines were tracked down near Meridian, Texas. G. W. Dagley, state employee, who found Leonard's body is shown with the weapons used to kill the aged blacksmith. Officials think the boys killed Leonard to get his car keys, so that they might escape in his car.

Petitions Will Be Circulated Soon For Co. Election

Petitions are being prepared and will be circulated for an election in Milam county to be held on August 26th to determine whether the people want to legalize the sale and manufacture of 3.2 beer.

It will be necessary for an election to be held in the county. Under the terms of the beer amendment to be voted on on August 26th all counties and subdivisions thereof voting dry before state wide prohibition must vote again to determine the question. Even though the state should vote wet, all dry territory would remain dry under previous expression.

Relief From Heat is Seen in Storm Gathering on the Coast

Brownville, July 5—The southernmost section of Texas coast braced itself tonight for eventualities as a tropical hurricane, formed several days ago in the Caribbean, moved slowly toward the coastline.

Falling barometers heralded the approach of the storm which, weather bureau officials said, was likely to strike tomorrow morning inland somewhere in the vicinity of Brownville.

At Corpus Christi, further up the coast line, Lieut. Lee Miller of the Texas state highway patrol formed a squad of eight patrolmen intending to move into Brownville in event help was needed there. Corpus Christi, meanwhile, reported the barometer stationary—at 28.85—for several

County Boards of Welfare Named

Austin, July 5.—Lawrence Westbrook, director of the Texas Rehabilitation and Relief Commission, today announced the commission had appointed county boards of welfare and employment in 143 counties.

The names of the appointees were certified to the respective County Commissioners Courts and must be approved before they can become effective.

Westbrook reported that political subdivisions had submitted 1,843 project surveys, proposing to aggregate expenditure of \$394,000,000 since the statewide survey started June 12. Applications have been completed on 43 projects on which work is ready to begin as soon as approved by the federal administrator and funds are available.

Prior to appointment of the county committee, relief work in the subdivisions was carried out under direction of volunteer directors and workers.

2c Postage Available For Local Drop Mail

Two cent postage for local mail was available again after several months at the post office in Cameron. A notice was posted by Mrs. Bessie Hefley, postmaster, gives the new reduced postage schedule. All mail sent out to addresses other than Cameron will require the regular 3c rate.

Dr. Elbra Monroe returned Sunday from Chicago where he attended a clinic and also visited the World Fair.

JOE J. MICHALKA DIES AFTER LONG ILLNESS

Joe J. Michalka, 47, for more than 25 years a resident of Cameron, died at the family residence here Wednesday morning, July 5th, 1933 at 3:30 o'clock, following a long period of illness and declining health.

For the past few weeks Mr. Michalka had been critically ill with kidney ailment and had been confined to his bed. While his condition had been critical, it was believed he had shown some improvement during the past few days. His death came as a shock to hundreds throughout the city and county.

Funeral services were held Thursday morning July 6, 1933 at St. Monica's church with Rev. George Apel, pastor, reading the rites. C. N. Green & Bro. directed funeral arrangements. Interment was made in the Catholic cemetery.

Mr. Michalka was born March 7, 1886 in Austria. He came to Cameron in August, 1907 and had made his home here since.

He had been engaged in the automobile business here for the past 15 years or more and was owner of the Michalka Motor Company and during these years he had made many friends. He was a member of the Catholic Church and a Knight of Columbus.

Mr. Michalka is survived by his widow and family of children; one sister, Mrs. Frank Michalka of Pettibone; two brothers, Amel and John Michalka of Salem.

NEW COUNTY AUDITOR TAKES OVER OFFICE

Conn R. Isaacs of Rockdale, appointed County Auditor by District Judge Graham Gillis, took over the duties of office on July 4.

Mr. Isaacs succeeds Giles L. Avriett, who completed his sixteen year term in that office on July 4th, having been appointed in 1917 by Judge John Watson.

In a statement to the people of Milam county last week Mr. Avriett reviewed at length his stewardship as auditor for the county.

Mr. Isaacs has lived in the county for many years and was formerly engaged in banking at Rockdale. He will bring to the administration of the office a wealth of experience as auditor and business man.

PROGRESS MADE IN PLAN OF ACREAGE REDUCTION

Although far from the expected quota when all contracts have been received, a total of 2109 acres of cotton has been pledged for the plow up to noon Thursday as tabulated in the office of Geo. Banzhaf, county agent.

A total of 100 approved contracts have been received and tabulated up to Thursday. The total number of acres pledged was less than 5 per cent of the estimated total that could be pledged in the county under a full program of co-operation.

Mr. Banzhaf's workers continue and by next week it was believed the program would be nearing completion.

It was estimated that 61,000 acres would be pledged if the farmers cooperated to the extent expected in other counties.

REPEALISTS FEEL SURE AMENDMENT VICTORY

Washington, July 5—Political observers today believed the forthcoming prohibition polls in Alabama and Arkansas will determine whether there is to be a fight or a runaway victory for the repealists. These states will provide the first real test in the south.

Sixteen states in succession have voted to supplant the Eighteenth amendment with the Twenty-first, which in effect is a repealer. Alabama and Arkansas vote July 18. Practical politicians believe repeal victories in both states would mean almost shutout defeat for dries.

Representatives Stegall, democrat, Alabama chairman of the house banking and currency committee, recently returned from a visit with the home folk to predict Alabama would go for repeal.

Similar predictions came from some Arkansas statesmen who until the Roosevelt landslide of 1932 were staunchly dry.

The repeal forces are now daring even to challenge the dry sentiment of Oklahoma, which with Kansas long has been bracketed as uncompromising for the Eighteenth amendment. Recent visitors to the capital from Oklahoma have predicted a repeal victory there.

DEPRESSION'S END SEEN BY A SURVEY

New York, July 5—The depression is definitely over and the country is well on its way to "one of the greatest periods of stabilized prosperity" in its history, the New York board of trade declared today in announcing the results of a nationwide survey which showed a decided business improvement in recent months.

Employment has increased; wages have been raised; industrial concerns have found their orders increasing; carloadings, department store sales and building activity have gained; bank deposits, post office receipts, transportation and power consumption have shown an upward trend, the survey showed.

From Buffalo to New Orleans, San Francisco to Baltimore, Minneapolis to Dallas came the news of better business, showing increases in some lines that normally would expect a slump at this time of the year.

A few sections sent word that they have not yet shared to a marked extent in general recovery. These included Maine and Michigan, where closed banks hindered business, and small sections of Kansas and South Dakota, where excessive hot weather, drought and grasshoppers had taken a heavy crop toll.

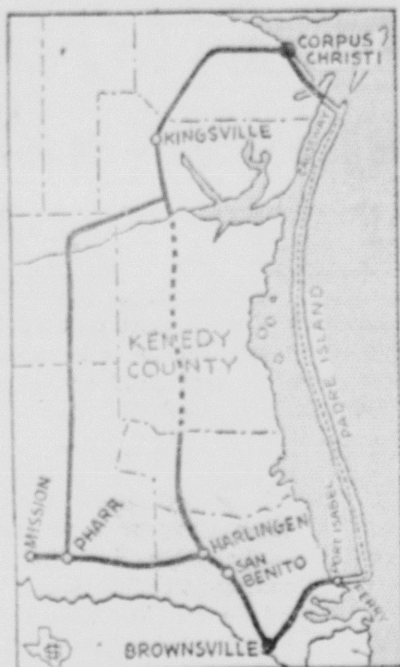

CARD OF THANKS

We wish to express our sincere appreciation for the many acts of kindness and sympathy accorded us in the death of our loved one, Henry Adams. We are especially grateful for the beautiful floral offerings.

Will Rio Grande Valley Have Direct Highway?

The moot question of a direct highway from Houston and Corpus Christi to the Rio Grande Valley has caused newspaper publishers in this section of Texas to consider another route besides that through Kenedy county. Citizens of "Walled Kingdom of Kenedy" do not want a highway through their county. Paved highways now run to its borders, but none go through. Lower right shows the end of the road north of Brownsville, at the Kenedy county line. The other route now being considered is the Gulf coast drive along Padre island. This is now passable, and agitation is for a paved highway the length of the island, in lieu of the Kenedy route. Highway officials consider this road practicable. Upper right shows the beach on Padre island, while the map at the left shows the long circuitous route by which traffic now goes from Corpus Christi to the Valley.

Boy Scouts

TROOP NO. 52

J. A. Lindle, Scoutmaster
Troop 52 held their first summer camp on Little River the week of June 26 to July 2, 1933. The camp was in charge of Scout Ernest Michalka who handled the affair in a very satisfactory and successful manner. All of the boys report a delightful time. The activities began early Monday morning with the setting up of tents and the general arrangement of the camp site. The general routine called for getting up at six in the morning, a cool plunge in the old swimming hole, followed by the flag raising ceremony, then breakfast, then the day followed with the usual activities, which in-

cluded swimming, canoeing and scouting with flag lowering ceremony in the evening before supper. The total attendance at the camp was 23, which included the following boys: Ernest, Paul and Rudolf Michalka, Jimmie and Johnnie Stanislav, Wilber Sutter, Frank Richter, Jr., Walter Plocek, Jr., Frank Ernst, V. J. Brod, Joe and Dick Houston, Seth Dees, Augie Kunz, Willie, Albert and August Moraw, Edward Macal, C. W. Gjedde, George, Edward and J. J. Matocha, Bob Hensley, Anton Hane and Edward Schiller. The Scoutmaster, J. A. Lindle & assistant Louis Matula were present every night. The troop committee were also regular visitors. The official cooks for the week were Rudolf Michalka, Willie and Albert Moraw. They were assisted each day by different boys of the camp. During the week eighty seven tests were passed, and the following boys also passed life saving. C. W. Gjedde, Paul Michalka, George Matocha and Rudolf Michalka. The regular tests were in charge of Eagle Scout Bob Hensley, and we are grateful to Mr. Haygood of Troop 53 for the life saving tests. A total of 158 visits were made to the camp during the week. Thursday night the visitors were entertained by the boys of the troop. Friday night was Dad's night and an enjoyable, entertaining meeting was held around a big Council fire with a total of 48 present. Sunday the boys all came in early and went to Holy Communion, then went back to camp for dinner and a visit from the mothers and dads and the little ones Sunday afternoon. Johnnie Andres, the Grand Knight of the Knights of Columbus, the sponsoring body of Troop 52, R. A. Michalka, the past Grand Knight, and the Troop Committee were the invited guests for dinner at the camp Sunday. We are deeply grateful to the mothers of the boys for the delicacies sent to the camp during the week. We are also grateful to Mr. W. S. Lampkin for the camp site and the Cameron Machine Shop.

Highway Crash Fatal To 1 At Thorndale; Others Are Injured

Horace Oliver Jr., 10, of Wimberly, was killed instantly Monday night and his father, H. H. Oliver, Sr., was seriously injured when their light coupe and an oil truck sideswiped on the Taylor-Thorndale highway just on the outskirts of Thorndale. Natilie Oliver, 7, another child of Mr. Oliver, was badly bruised and cut about her face and body.

Mr. and Mrs. Freddie Speurt, brother-in-law and sister of Oliver who were also occupants of the car were only slightly injured.

Lee Wallace, Jr., Minerva, driver of the oil truck, was not injured in the accident.

Horace, asleep in a luggage rack, on the left running board of the car and protected from falling off, was killed when the truck tore away the running board. His body was thrown into the middle of the highway.

Oliver, driver of the coupe, received internal injuries. He was brought to Taylor shortly after the accident occurred by J. C. Wallace, owner of the truck. He was taken to the Taylor Sanitarium where the attending physician stated today that his injuries were of a very serious nature. The physicians held hope for his recovery.

Mr. Oliver and party were en route to their home in Wimberly when the tragedy occurred, after having spent several days in Buckholts, where they had visited Oliver's father, J. H. Oliver.

A cow and calf riding in a trailer attached to the rear of the coupe, given Oliver by his father, were not hurt. Oliver's car was practically demolished.—Taylor Daily Press.

"It saved his life," the doctor said

A Texas farmer was chopping wood one morning. The ax glanced off a hickory log and deeply gashed his foot.

His wife telephoned the doctor—"Come as fast as you can!"

"Tie a cord tightly around his leg below the knee. I'll be there at once," a voice flashed back along the wires.

Later, the doctor said: "Those brief directions by telephone saved that man's life. Even then, he was very weak when I arrived."

Your telephone is ready day or night for emergencies, just as it is for business, or for friendly visits in the afternoon. It may be worth a nickel today, a quarter tomorrow, a thousand dollars next week.

You can buy few things which cost so little and are worth so much.

HAY FEVER

Years ago we thought "Phelum Pratense," which is nothing but timothy hay caused the sensational attacks of asthma from which so many people suffer during the summer months. We now know that forty-four varieties of plants may cause the disease and, although "pollen disease" would be a better name, hay fever it still remains.

Hay Fever Cures

Whenever there are fifty-seven varieties of cure for a disease, we know none of them is any good. If any one of them were a real cure the other fifty-six would quickly pass into innocuous desuetude. And that is precisely the situation in hay fever—there is no cure!

That the patient's mental attitude has much to do with the production of hay fever can not be denied. Most of my hay fever patients know to the day and the hour when this year's attack will strike them. Mr. A. for example, knows that on Thursday the twelfth of August his hay fever will be upon him. Not only that, but he knows it will hit him in the middle of the forenoon. And so through the whole list, they all know when it will come, how it will arrive, what it will do to them. They are looking for it, preparing for it—inviting it. Is it any wonder they get it? I sometimes think they would be terribly disappointed if the unwelcome guest failed to arrive.

The Pollen of Hay Fever

But what of the Pollen? Yes, it is the exciting cause of hay fever. But it isn't the only cause. Millions of people who inhale pollen do not have hay fever. Why? Because they aren't built that way—they aren't predisposed to it. Perhaps in some cases, the predisposing factor is an abnormality of the nasal passage (polyps, enlarged turbinates, deflected septum). But many people so afflicted do not have hay

Nagging Pains

are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores.

THAT a loon cannot make a flight from dry land? On land, the loon is very awkward and can only waddle a few steps at a time. In taking off from the water, it helps itself by vigorous downward thrusts with its powerful legs and webbed feet and it rushes for about 100 feet through the water before getting into the air. Its take-off is very similar to that of a sea-plane. The photograph shows a loon preparing to take off. Loons are common to the northern sections of eastern Canada in the summer. They migrate as far south as South Carolina in winter.

fever, and many others who have had their nose treated continue to have the disease. The ones who were cured by the nasal operation owed their cure to their implicit faith in the surgeon's statement that it would cure them.

How to Prepare Potato Salad

Boil eight potatoes; peel and slice. Dice four slices of bacon and fry out slowly in frying pan. Add one tablespoonful of flour, two teaspoonfuls of sugar, one teaspoonful of mustard, one cup of vinegar, one scant cup of water, salt and pepper to taste. Stir over slow fire until it thickens slightly. Remove from fire and add potatoes.

Sliced onion, cucumber, tomato, celery and hard boiled egg may be added if desired.

This recipe will serve eight to ten people.

BURIED AT SHARPE

Mrs. J. F. Hambley of Rockdale was buried at Sharpe Sunday afternoon. She died Saturday. Mrs. Hambley was an old time resident of the Sharpe community. She was born in Mississippi in 1854 and settled at Sharpe at an early age.

West Point Commandant

Lieut.-Colonel Simon B. Buckner, Jr., a graduate at West Point Military Academy in 1908, returns to Uncle Sam's famous school as Commandant. He has been assistant superintendent of Public Buildings and Grounds at Washington.

Strawberry Fluff

1 cup of strawberries, mashed.
2-3 cup granulated sugar.
1 egg white.
Mix ingredients and beat until stiff. This recipe will serve six people.

Asylum Breaker

Here is Carl Deininger, maniacal gunman who led the break from the state hospital for insane at Wichita Falls, Texas, Saturday night. Deininger, confined in December for killing a negro, wounding another and firing on eight more in Dallas because he "didn't like niggers," beat A. D. Jones, guard, unconscious, then released four other inmates. All but Deininger have been recaptured.

DO YOU KNOW THAT:

1. One tablespoonful of gelatin added to one quart of milk increases the food value 23 per cent.

2. A damp chamois skin is the best thing to use to polish windows?

It seems that a fresh collar and cuffs on a dress, no matter how old or wilted it has appeared, brighten it up remarkably and gives a feeling of personal neatness to the wearer.

NOTICE TO BIDDERS

Notice is hereby given that bids will be accepted by the Commissioners Court of Milam county until July 28, 1933 at 2 p. m. and then publicly opened and read for one road maintainer for Milam County Precinct No. Four.

Specifications for the machine desired may be secured by calling upon Clyde Moore, Commissioner Precinct No. Four and whose address is Davilla, Texas.

A Cashier's Check in the sum of five per cent of the total amount of bid must accompany each bid and the right is reserved to reject any and all bids.

Witness my hand this 6th day of July, 1933, at Cameron, Milam County, Texas.

JEFF T. KEMP,
County Judge, Milam
County, Texas.

Pollen Extracts

Pollen extract is used more extensively each year and the results are good if the doctor can convince the patient it will cure him. Beyond their phsyic effect I don't think they have a particle of merit. The best cure for hay fever is a change of residence or a frost.

What Do Big He-Men Explorers Eat? Well, Bread and Jam, For One Thing

Major Anthony Fiala, outfitter of expeditions, is shown packing a food kit for an Arctic-bound scientist.

ADD to your stock of little-known facts the information that explorers include jam and jelly among their food supplies. And credit Major Anthony Fiala of New York for the knowledge. Fiala accompanied the late Theodore Roosevelt on the colonel's expedition through the wilderness of Brazil. He has commanded expeditions of his own and now acts as an adviser and outfitter to other seekers after far horizons.

Jams and jellies are among the best heat and energy foods known, Major Fiala claims. Practically every Arctic expedition takes a considerable quantity. And whenever a few explorers in the northlands leave camp for a week or two's trek by dog sled, they unfailingly put jam and jelly in their food kits. When making up supplies, the Major plans at least 3 ounces of jam or jelly a day for each man. They like it so well, he says, that the day's rations are always consumed at breakfast—with bread. Raspberries, cherries and blackberries make excellent jellies and jams for expedition purposes, according to the Major. Since the love of these excellent foods is not confined to men who go exploring, here are a few recipes to follow in making them for men at home.

Blackberry Jelly

4 cups (2 lbs.) juice
7½ cups (2½ lbs.) sugar
1 bottle fruit pectin

To prepare juice, crush thoroughly or grind about 3 quarts fully ripe berries. Place in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 15 minutes. Remove from fire, skim, pour quickly into hot jars. Place fruit in jelly cloth or bag and squeeze out juice.

Wild Cherry Jelly

3 cups (1½ lbs.) juice
6½ cups (2½ lbs.) sugar
1 bottle fruit pectin

To prepare juice, stem about 3 pounds fully ripe cherries. Add 3 cups water. Boil 15 minutes. Strain through a cloth. Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 15 minutes. Remove from fire, skim, pour quickly into hot jars. Place fruit in jelly cloth or bag and squeeze out juice.

Relieves Women's Pains

Here is an example of how Cardul has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day. "My mother had taken Cardul, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardul, the purely vegetable medicine which so many women take to recommend, is sold by local druggists.

HENRY ADAMS BURIED OAK HILL CEMETERY

Henry Adams, 54, died Friday afternoon, June 30 at 4:45 o'clock at his home of sudden heart attack.

The funeral was held Sunday afternoon at his home at 3:30 o'clock by Rev. N. J. Timmerman, pastor of the First Baptist church and Rev. Ed Mace, pastor of the Christian church. Interment was made in Oak Hill cemetery, where Spanish-American and American Legion veterans

held a military funeral.

Mr. Adams was a member of Private Company M. 38 United States Volunteer Infantry, and saw service in the Philippines for 18 months and was discharged and sent home on account of illness.

Mr. Adams was born in Macon County, Alabama and came to Texas when a child with his parents, the late Mr. and Mrs. W. F. Adams and settled in Milam county. He was married to Miss Anna Thompson of Cameron and lived here for a number of years, moving to Beaumont, where they made their home, subsequently returning to Cameron where he engaged as a contract-

or as interior decorator.

He was a member of the Baptist church and had made many friends in Cameron and elsewhere. He is survived by his wife, two sons, W. F. Adams of Mobile, Ala. and John Adams of San Antonio who is stationed at the Aviation camp there; four brothers, Jim and Ed Adams of Cameron; O. D. Adams of Dallas and Walter Adams of Orange; two sisters, Mrs. Ed Boyd of Somerville; Mrs. George Rogers of Burlington, all of whom were present at the funeral excepting Walter Adams of Orange. Other relatives present at the funeral were F. D. McKey of Somerville; Mr. and Mrs. R. E. Snuggins of Bryan; Frank Boyd of Somerville; Frank Rogers and family of Burlington, Charlie Rogers and family of Burlington and Mrs. Robert Allen of Briary.

Pall bearers were former soldiers of the Spanish-American War and American Legion from Temple, Taylor and Rockdale.

Comets Take Holiday Game From Rosebud

The Cameron Comets clouted the ball hard yesterday to defeat the Rosebud Roses 9 to 8 before a large Fourth of July crowd at Cameron.

Taking 13 hits to the Roses eight, the Comets stayed in the lead all the way to top the holiday game. Griffith and Young hurled for the Comets with Risinger catching. Phipps pitched to Creasey for the Roses.

McDonald, left field gardner for the Comets, almost had a perfect day at bat but still managed for a home run over left centerfield fence, a double and two singles out of five trips to the platter.

Cotton Franklin got a homerun on a bad hop through an outfielder on a long hit but capped off the fluke play with a powerfully hit triple in the last frame.

Pitcher Phipps touched four bases on a ball intended for a double that rolled through a hole in the centerfield fence.

Dierr, second sacker for Cameron, got a double and two singles. Risinger, catcher, got two doubles and Willet got two singles and a double. Slim Bogelsang of Rosebud did some good hitting. Rosebud had four errors and Cameron had three.

HAY FEVER

William J. Scholes

Years ago we thought "Phelum Pratense," which is nothing but timothy hay caused the sensational attacks of asthma from which so many people suffer during the summer months. We now know that forty-four varieties of plants may cause the disease and, although "pollen disease" would be a better name, hay fever it still remains.

That the patient's mental attitude has much to do with the production of hay fever can not be denied. Most of my hay fever patients know to the day and the hour when this year's attack will strike them. Mr. A. for example, knows that on Thursday the twelfth of August his hay fever will be upon him. Not only that, but he knows it will hit him in the middle of the forenoon. And so through the whole list, they all know when it will come, how it will arrive, what it will do to them. They are looking for it, preparing for it—inviting it. Is it any wonder they get it? I sometimes think they would be terribly disappointed if the unwelcome guest failed to arrive.

The Pollen of Hay Fever

But what of the Pollen? Yes, it is the exciting cause of hay fever. But it isn't the only cause. Millions of people who inhale pollen do not have hay fever. Why? Because they aren't built that way—they aren't predisposed to it. Perhaps in some cases, the predisposing factor is an abnormality of the nasal passage (polyps, enlarged turbinates, deflected septum). But many people so afflicted do not have hay fever, and many others who have

Build Up that Skinny Child!

Enrich His Impoverished Blood

Sickly, weak, underweight children are usually lacking in rich, red blood. When blood becomes poor, a child becomes rundown. Already weak, he loses appetite, which makes him still weaker. Take no chances on a child gaining strength by himself. Start giving him Grove's Tasteless Chill Tonic right away. This famous tonic contains both iron and tasteless quinine. Iron makes for rich, red blood while quinine tends to purify the blood. In other words, you get two effects in Grove's Tasteless Chill Tonic. Put your child on this time-proven tonic for a few days and see the difference it makes in him. Good appetite, lots of pep and energy and red roses in his cheeks. Children like Grove's Tasteless Chill Tonic and take it eagerly. It is absolutely harmless and has been a reliable family medicine for half a century. Get a bottle today at any store.

had their nose treated continue to have the disease. The ones who were cured by the nasal operation owed their cure to their implicit faith in the surgeon's statement that it would cure them.

Pollen Extracts

Pollen extract is used more extensively each year and the results are good if the doctor can convince the patient it will cure him. Beyond their phsyic effect I don't think they have a particle of merit. The best cure for hay fever is a change of residence or a frost.

What Does These Laundry's Mean to Waco?

Our Pay Roll for the past several years has been—

\$85,513.00

Annually

This put us to thinking, as during the past year by Cameron people buying Waco made bread instead of Cameron made bread, closed three bakeries here. These bakeries employed several people and they in turn spent their earnings here in Cameron. The Waco people in return spent nothing.

DURING THE PAST FIVE YEARS THE CAMERON ICE AND COLD STORAGE COMPANY HAS PAID OUT TO THEIR EMPLOYEES—

\$76,000.00

They paid out IN CITY, County and state Taxes—

\$14,000.00

Making a Total paid out by them here in Cameron

\$90,000

This money in return was spent for upkeep of your schools, streets and running the City and County governments, and the buying of groceries, dry goods, Etc., and other needs by those employed. DID THIS HELP to make Cameron a better City? If it did then it would seem to be a common sense proposition that we spend our money for home made products. Think this over and see if we are talking to you.

John Gilbert and
Mae Clarke**SOCIETY****MRS. EARL EVERS HONORED
WITH BRIDGE PARTY**

Handsome zinnias intermingled with dainty dusty miller were chosen by Mrs. James L. Coleman for decorations when she entertained Thursday afternoon in honor of Mrs. Earl Evers of Curoo, who is a guest of her parents, Mr. and Mrs. James W. Coleman.

Colonial talley pads and score cards lent beauty to the seven tables arranged for contract bridge when Mrs. Evers met many of her friends of former days who were delighted to welcome her into their midst again.

At the close of the games Mrs. P. W. Davis held highest score and received a pretty hobnail glass in blue color. The honor guest was presented with a dainty Japanese tray. Mesdames W. A. Bonds, Loula

Clinton and S. A. Cottle assisted the hostess in serving peach ice cream and angel food cake.

BAPTIST MISSIONARY SOCIETY

Fourteen members of the Baptist Missionary Society met at church Monday afternoon with Mrs. Grady Cooper leader, who made a talk on obedience.

Next Monday all circles will meet the church for a lesson from Royal Service, which will be led by Mrs. C. W. Bradbury. The Eunice Taylor Glass circle will serve refreshments. They will meet at 4 o'clock.

The Y. W. A. met Monday at 6:15 with Mrs. Wilson Gunn as leader, who gave a talk from the Year Book.

The B. W. A. met at 8 o'clock Monday for a lesson from Royal Service, led by Miss Winnie Hender-

son.

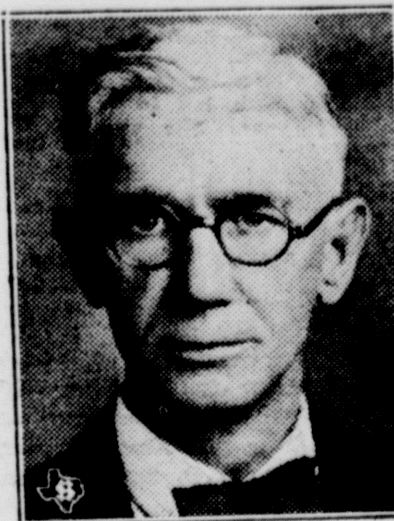

R. A. met Wednesday afternoon at 6 o'clock at the church with their sponsor, Frederick Graves. Pages, Squires, Knights and Ambassadors are the titles of the organization, and there are 11 boys who have completed tests for Pages, three for Squires, Bobby and Joe Casey and Bob Hobson.

The Junior Girls Auxiliary met Wednesday afternoon at 4 o'clock. They met last week at the City Park with their sponsor, Miss Vernon Posey and organized with 22 members. Iva Earl Heath was elected president; Inez Slaughter secretary. After the program they enjoyed a picnic at the park.

The Sunbeams met at the church at 4 o'clock Monday afternoon with Mrs. Bowman and Miss Helen Blaylock, sponsors. There were 13 members and two visitors present.

FRIDAY BRIDGE CLUB

The Friday Contract Bridge Club enjoyed the hospitality of Mrs. John Bowman last week. Pretty yel-

low merrigolds and other seasonal flowers added beauty to the home, where many games were played, and when completed Mrs. S. A. Cottle was winner of high score.

A salad plate was served by the hostess at the close of the games on tables laid with pretty covers and centered with baby zinnias in a variety of colors.

SUNRISE BREAKFAST

A sunrise 4th of July breakfast was enjoyed by a number of the Business and Professional Women's club members at their regular meeting Tuesday, with Miss Leila Woolley as chairman of the Health Recreational program. This meeting was held at Wayside Park. Miss Lorenz, superintendent of the Cameron Hospital was speaker of the occasion and read a splendid paper on health which was very instructive.

A delightful camp breakfast with coffee was served by the hostesses, Misses Annie Stallworth, Lillian Atkinson and Leila Woolley.

CHRISTIAN CHURCH

Evening service at the First Christian church will be held outside on the lawn beginning Sunday. Fellowship, uplifting congregational singing, and inspiration will be the aim of the summer services. If you like to sing the old hymns and to learn good new ones, come next Sunday at 8 p. m. The subject for the sermon will be "Mules."

Subject at the 11 a. m. service will be "The Finality of Jesus." Somewhere Sunday there will be an empty seat if you are not at church. Go to Church Sunday!

**E. B. Camp Married
To Essie McCall In
Rockdale Wednesday**

Rockdale—Miss Essie McCall and Emory B. Camp, state representative, were married at a twilight wedding ceremony Wednesday in the First Baptist church at Rockdale.

Mrs. Camp is the oldest daughter of Mr. and Mrs. W. M. McCall of this city.

The bridegroom is the only son of Mayor and Mrs. J. A. Camp. He was a law student at the University of Texas for several years. He is a member of the Theta Xi fraternity, and in 1932 was president of the interfraternity council. He was also a member of the Longhorn band, acting as manager of that organization for two terms.

He was elected representative from Milam county in 1932, and is said to be the youngest member of the 43rd legislature. Mr. Camp is connected with his father in the practice of law.

**Celebration Toll In
The Nation Is Heavy**

Independence Day celebrations in America cost 170 lives, a survey by press associations show.

Traffic accidents, drownings, plane crashes and fireworks explosions contributed the majority of deaths. Combined with casualties indirectly resulting from holiday celebrations, they caused 170 deaths the survey shows.

**How One Woman
Lost 25 Lbs. of Fat**

Lost Her Prominent Hips—
Double Chin—Sluggishness

Gained A Shapely Figure

If you are fat how would you like to lose it and at the same time gain in physical charm and acquire a clean, clear skin and eyes that sparkle with buoyant health.

Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast and keep it up for 30 days. You can help the action of Kruschen by cutting down on pastry and fatty meats and going light on potatoes, butter and cream. Then weigh yourself and see how many pounds you have lost.

Kruschen Salts are a blend of 6 salts most helpful to body health. Best of all, a bottle of Kruschen Salts that will last you for 4 weeks costs but a trifle. Ask any druggist for a bottle and start to lose fat today. It's the safe way to reduce but be sure you get Kruschen—your health comes first.

Mr. and Mrs. Joe N. Luce of San Angelo are visiting their son, Joe R. Luce and family and his sisters, Mrs. Delahunty and Mrs. John Small. Mrs. Luce is also visiting among several brothers and sisters here. They will return home next Thursday. They were formerly Cameron residents. The Herald has been ordered renewed to their San Angelo address. Mr. Luce says he has been a subscriber to the Herald for forty years or more.

Firestone

FIRST CHOICE FOR SAFETY and BLOWOUT PROTECTION

BLOWOUTS are caused by internal heat resulting from friction between the cotton fibers. Firestone Gum-Dipped Tires are the only tires made where every cotton fiber in every cord in every ply is saturated and coated with rubber, preventing internal friction and heat—the greatest enemy of tire life. This patented Extra Process make the tire Stronger—Safer—and gives it greater protection against blowouts.

NO OTHER HAS SUCH BLOWOUT PROTECTION TIRE

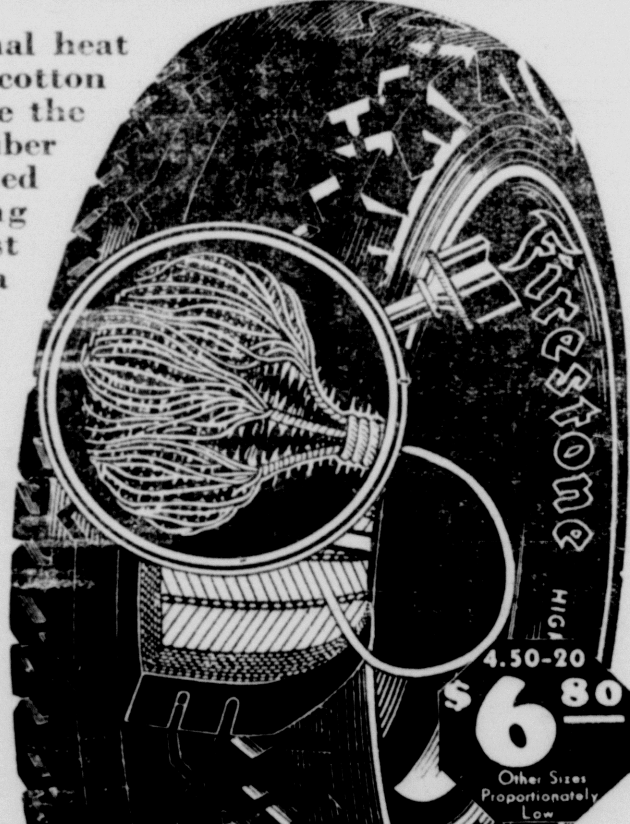

Performance Counts—Every winner in the 500-mile Indianapolis Race for fourteen consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Every winner in the daring Pike's Peak Climb, where a slip meant death—for six consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Firestone Gum-Dipped Tires hold all world records, on road and track, for Safety—Speed—Mileage—and Endurance.

Don't risk your life or the lives of others on your Holiday trip.

We will give you a liberal trade-in allowance on your old thin, dangerous tires, in exchange for Firestone High Speed Tires—the Safest Tires in the World. Tire prices are sure to go up. Take advantage of today's low prices.
